Passionate **Flutter Developer** with hands-on experience in building high-performance and scalable mobile applications. Skilled in **Dart, Flutter, Bloc/Cubit, and MVVM**, with strong expertise in **responsive UI/UX design** and **API integration**. Proven track record of developing practical apps, including educational, news, weather, to-do, and chat applications. Recognized for **problem-solving, analytical thinking, and teamwork skills**, with a continuous drive to enhance technical expertise and deliver innovative solutions that ensure exceptional user experiences.

Work Experience

Flutter Developer (Freelance)

Jan 2024 - Present

Self-Employed / Freelance | Egypt

- Developed and published multiple mobile applications using Flutter and Dart, including chat, to-do, notes, educational, and weather apps. Implemented Bloc/Cubit and MVVM patterns, integrated REST APIs, and delivered responsive and adaptive UI/UX. Focused on creating scalable, user-friendly, and high-performance applications.
- Built and deployed 4+ Flutter applications across different domains.
- Experienced in state management (Bloc/Cubit).
- Designed responsive UIs optimized for Android and iOS.
- Integrated APIs for news, weather, and authentication systems.
- Strong problem-solving and teamwork skills.
